Hi There!

**It's time to have some fun with
drawings and arrows. Please find a
pen or a pencil and a nice place to sit.**

Thank you.

For my nieces and nephews.

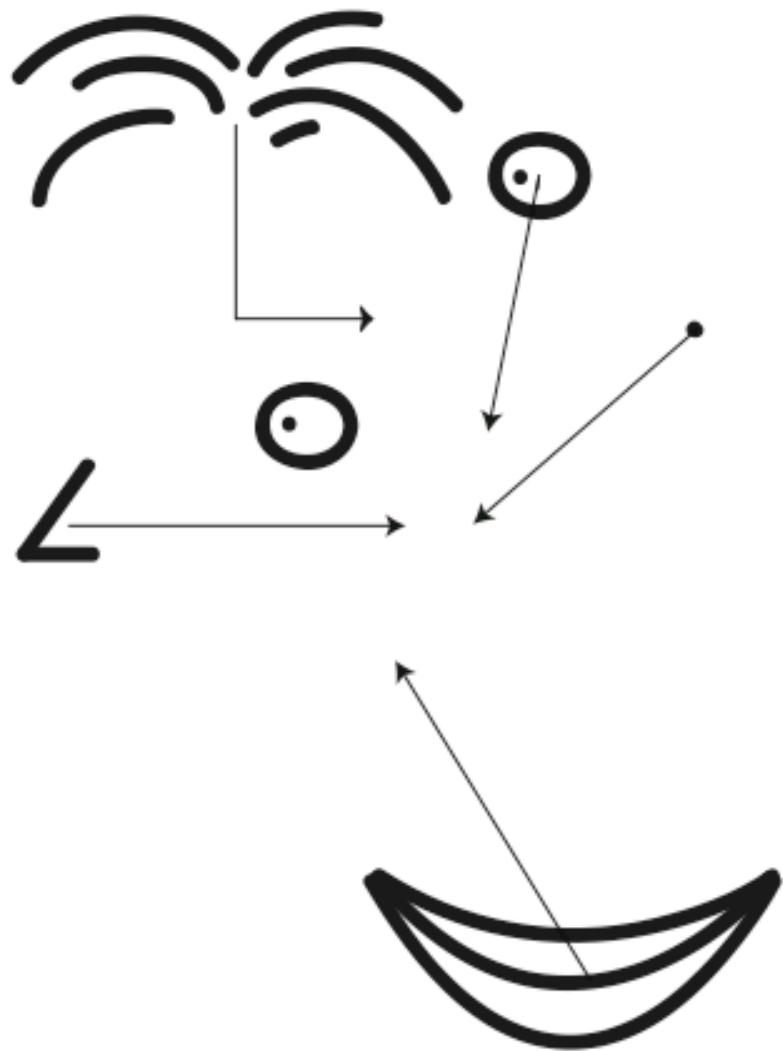

In this book you will find pictures that are all mixed up. It's your job to put them back together.

Use the arrows to figure out where each piece of the picture goes. One piece in each picture is drawn for you.

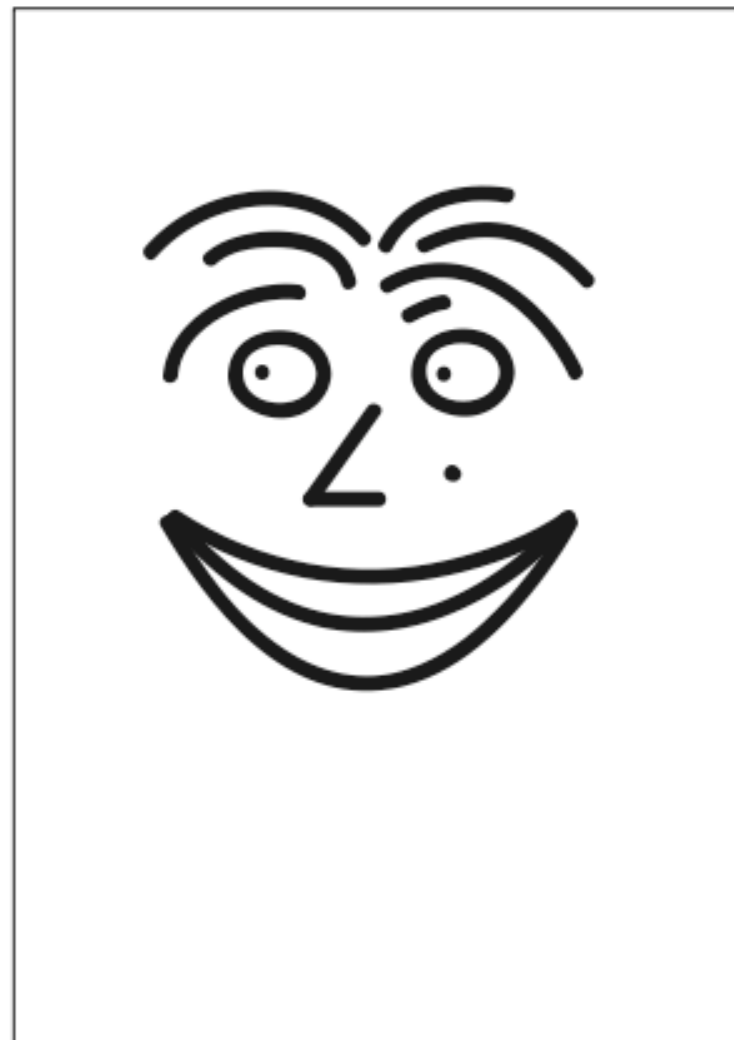

You can use that as a *point of reference* (a place to start).

The first picture has been done for you. After that, you can try them on your own! Have fun, and enjoy your drawings and arrows.

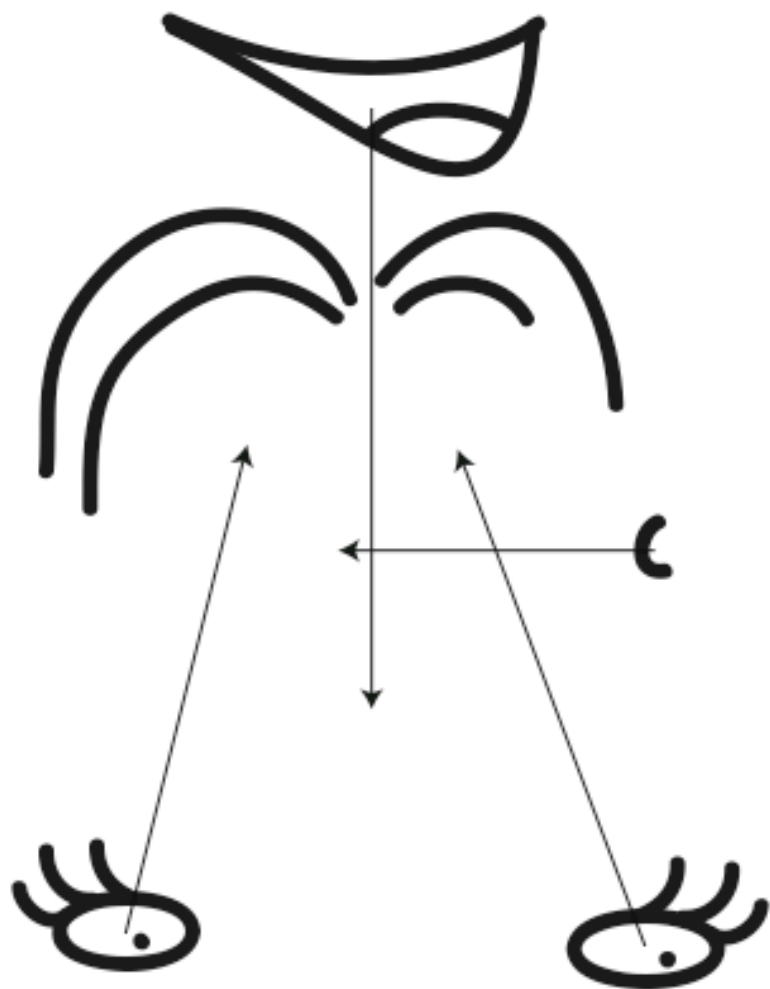

Puzzle Number One

Solution:

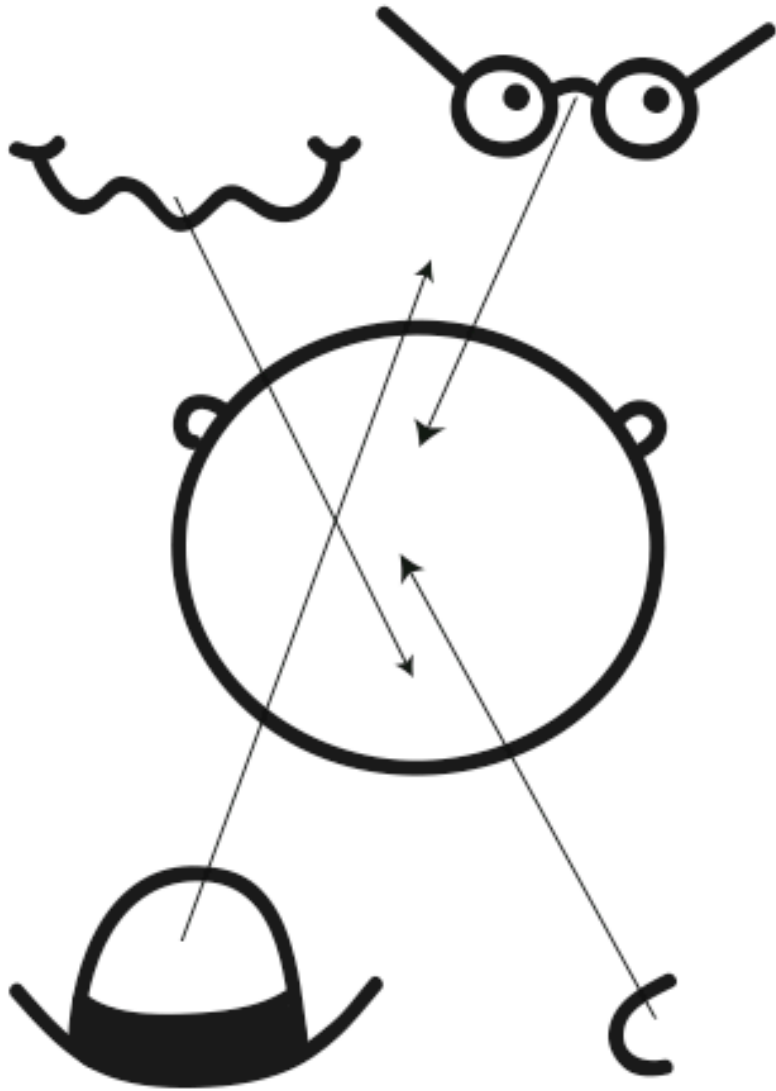

Puzzle Number Two

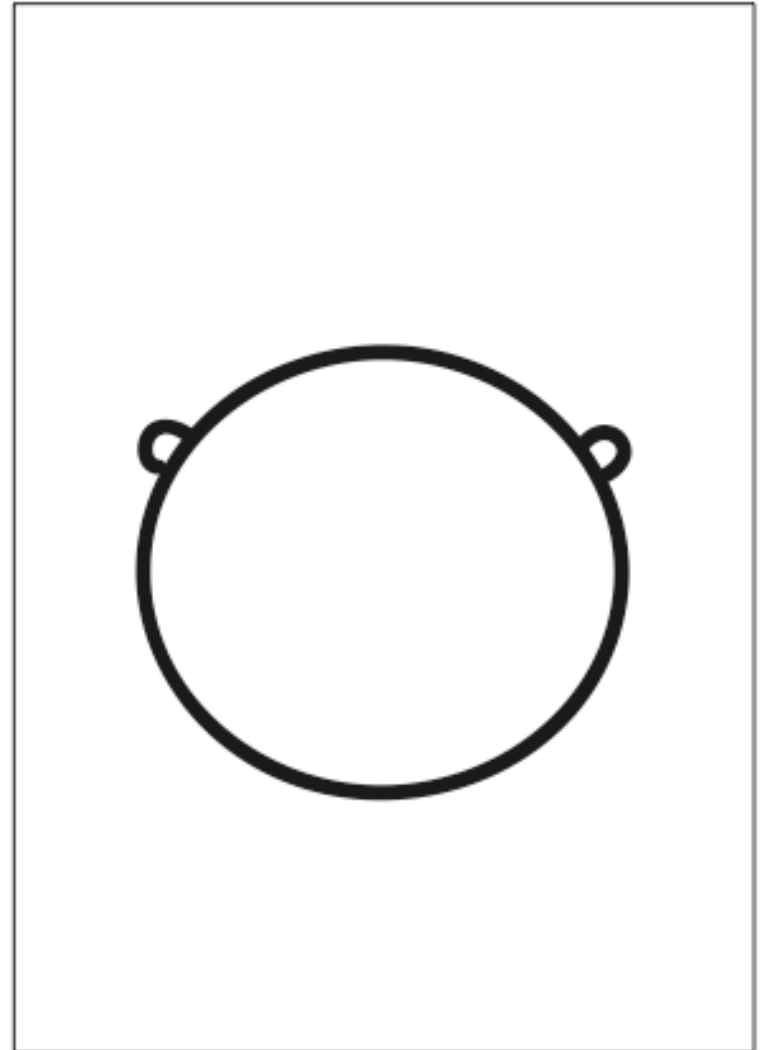

Now you try!

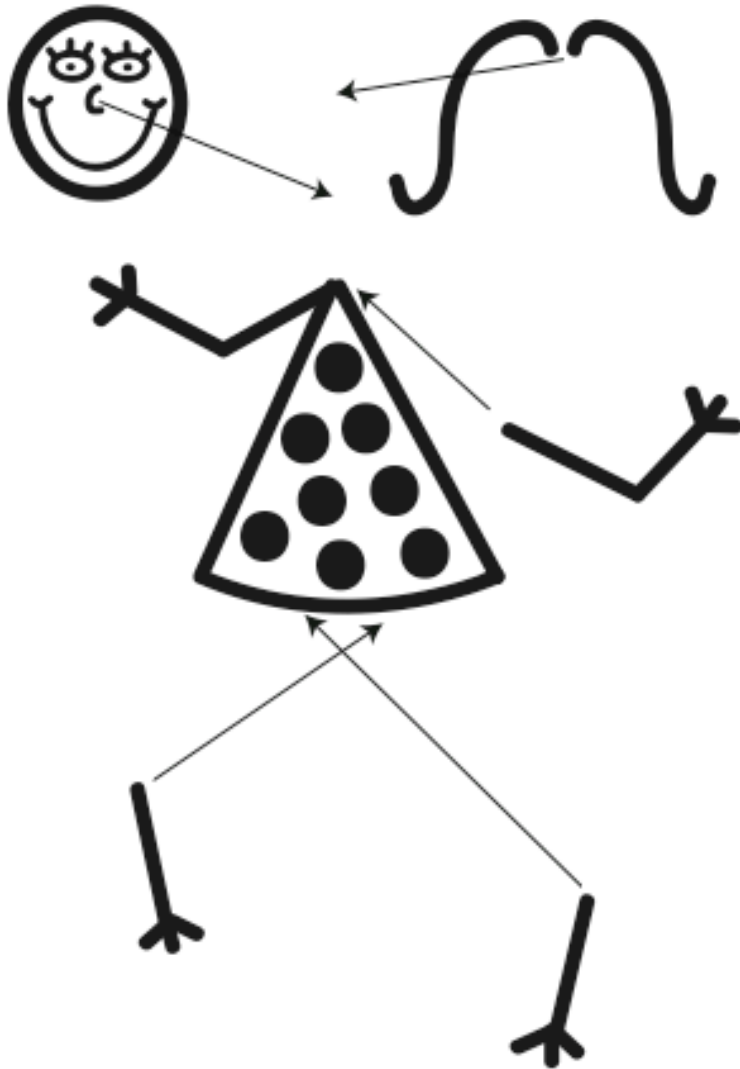

Puzzle Number Three

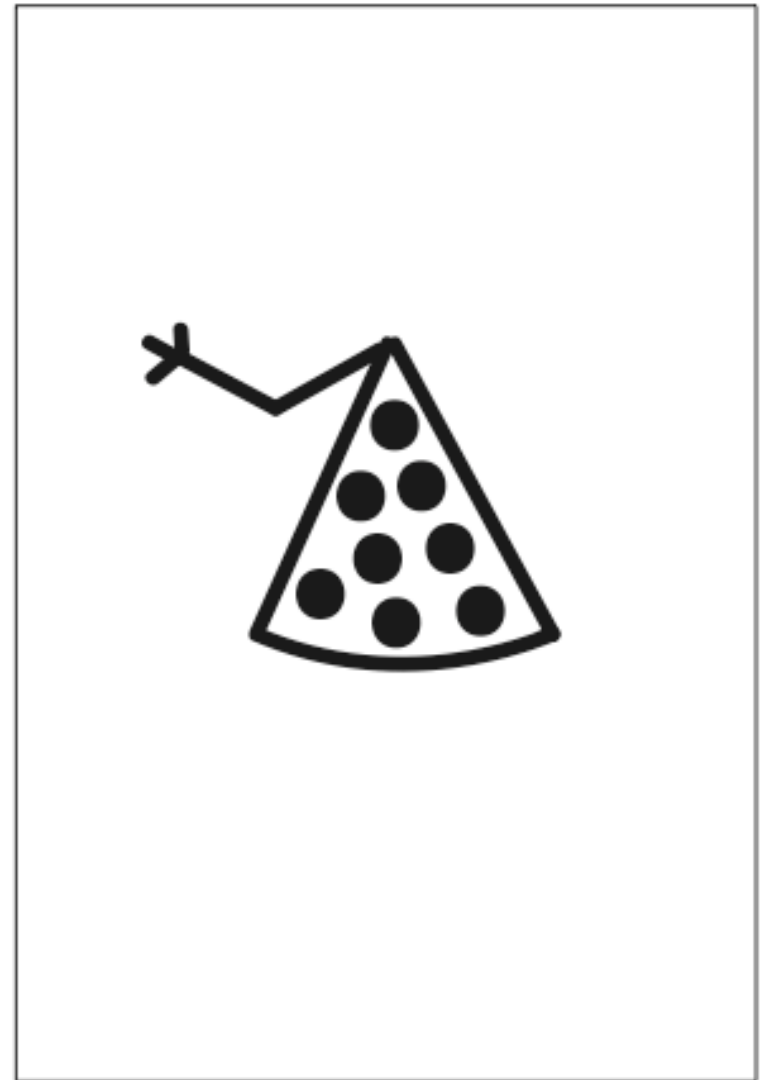

Let's do another one!

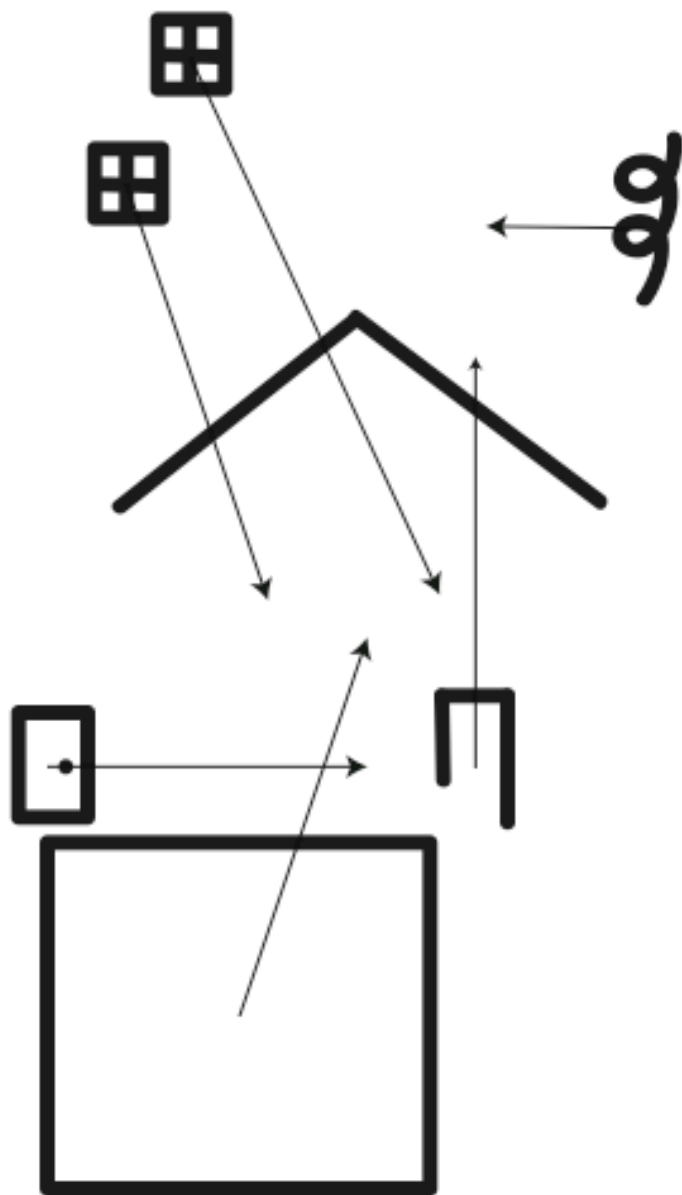

Puzzle Number Four

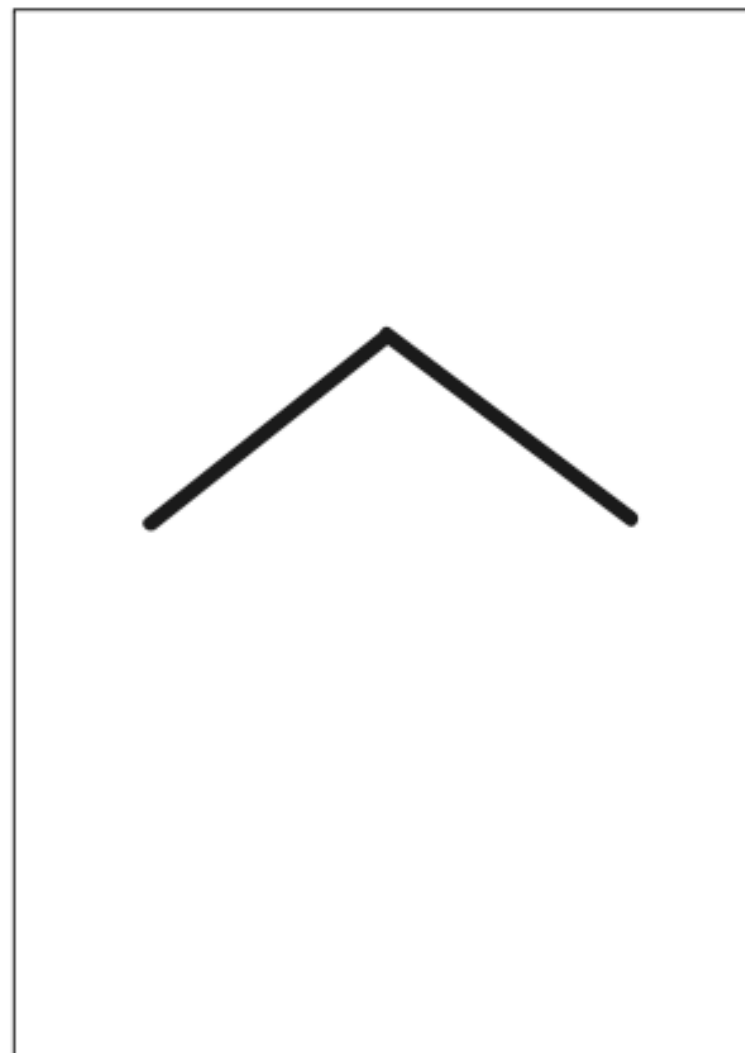

You're doing well!

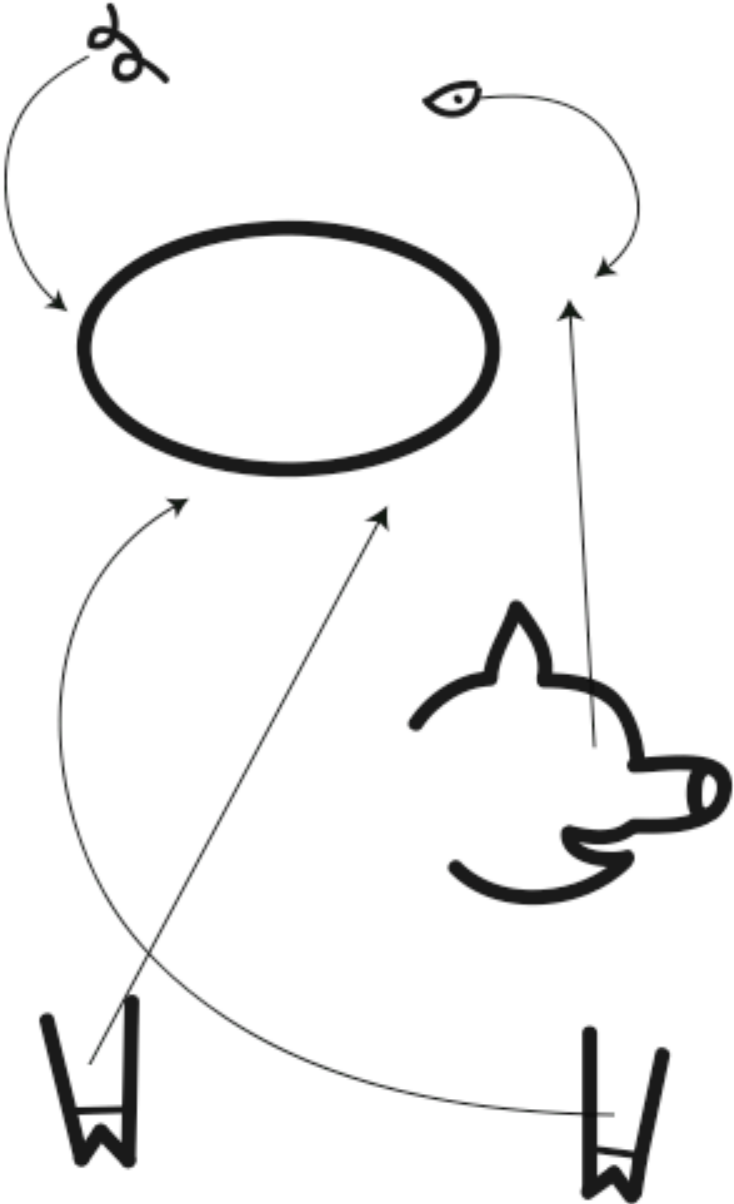

Puzzle Number Five

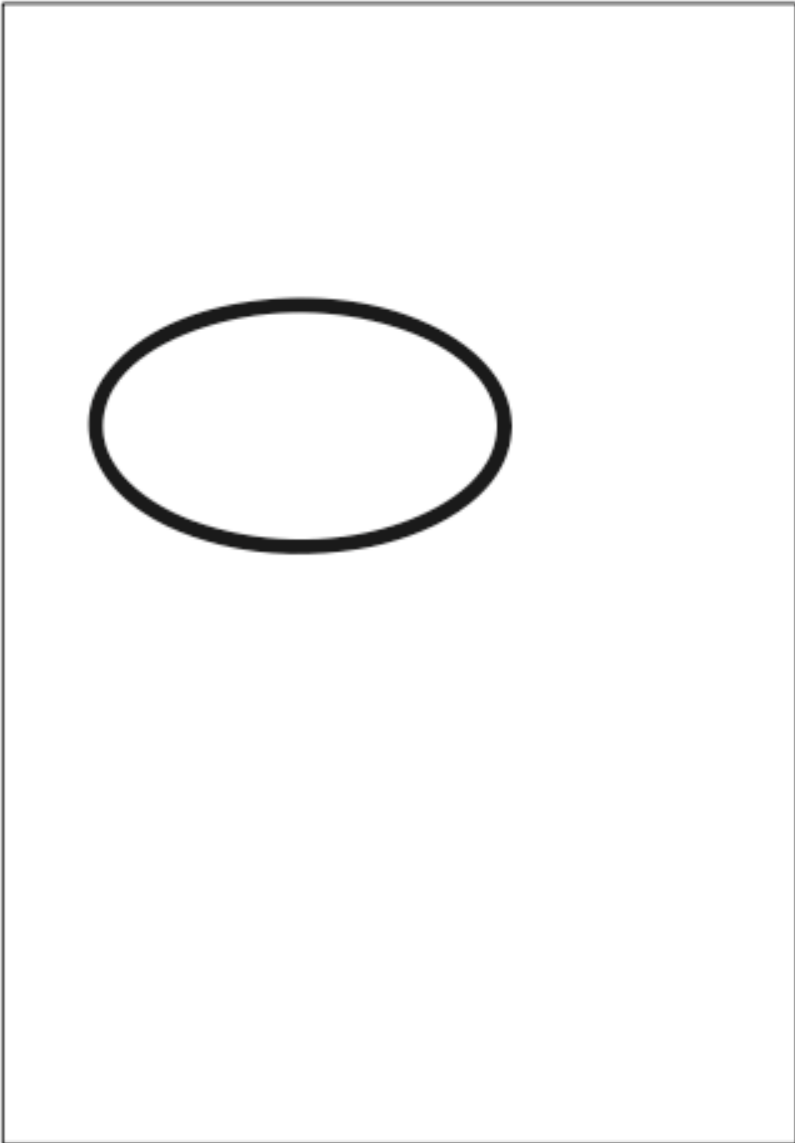

Keep it up!

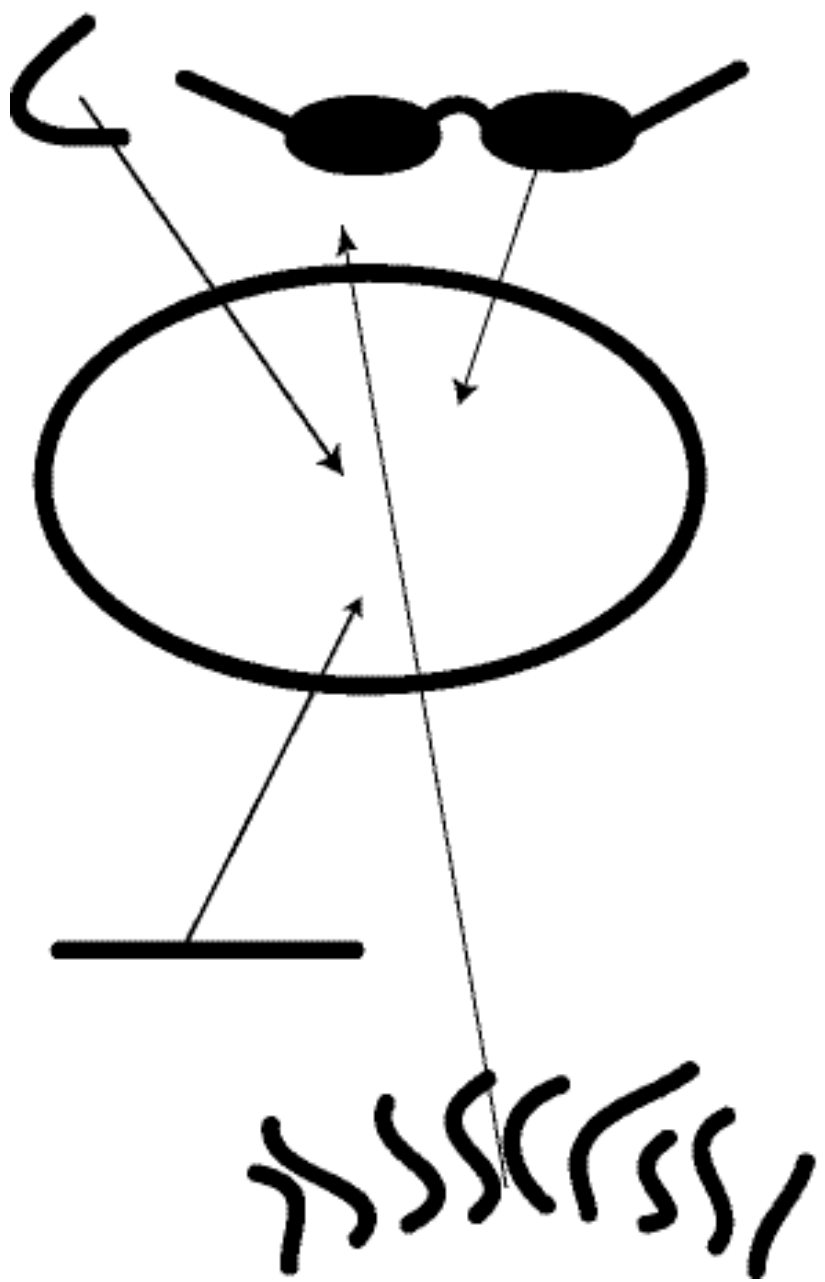

Puzzle Number Six

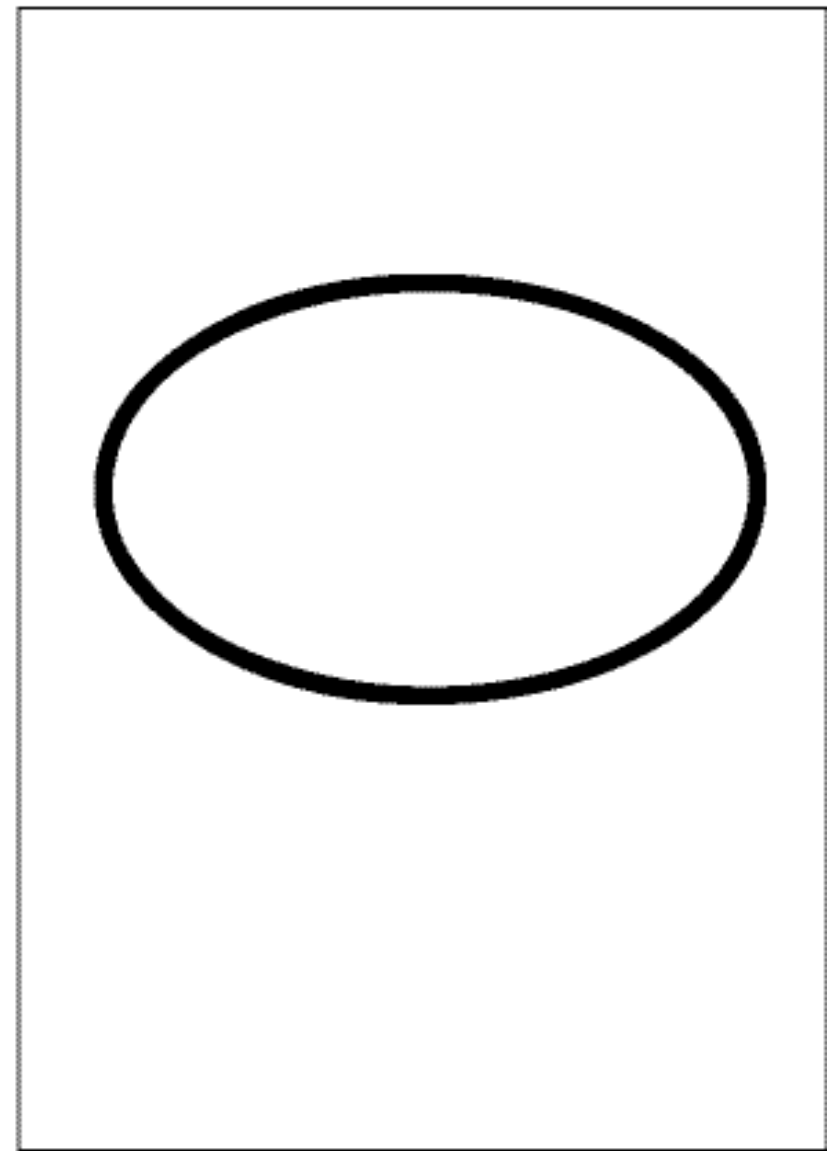

Are you still having fun?

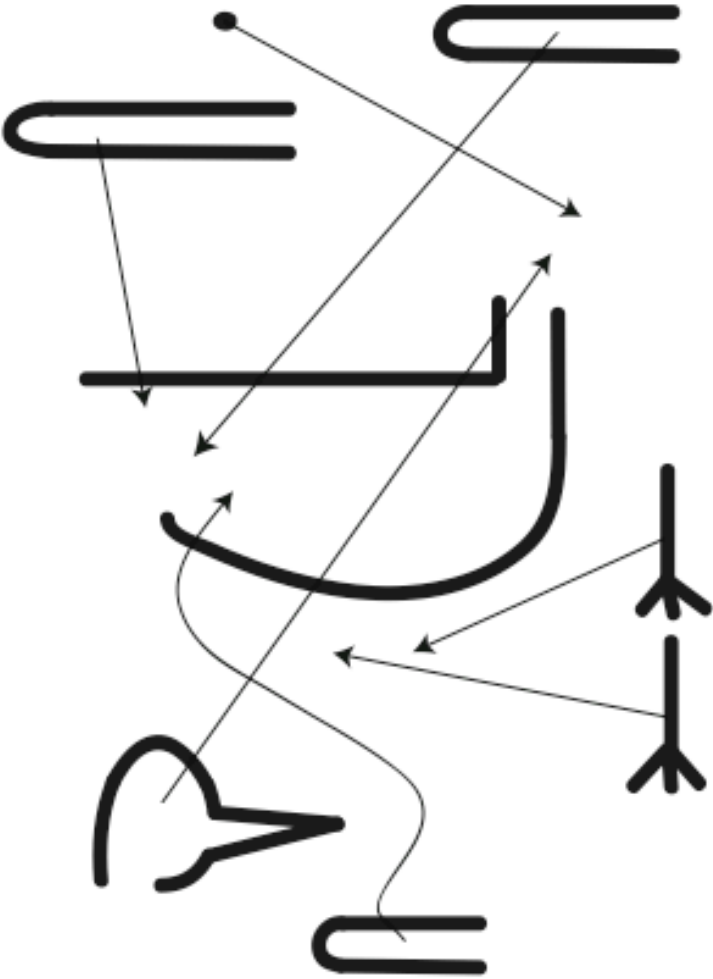

Puzzle Number Seven

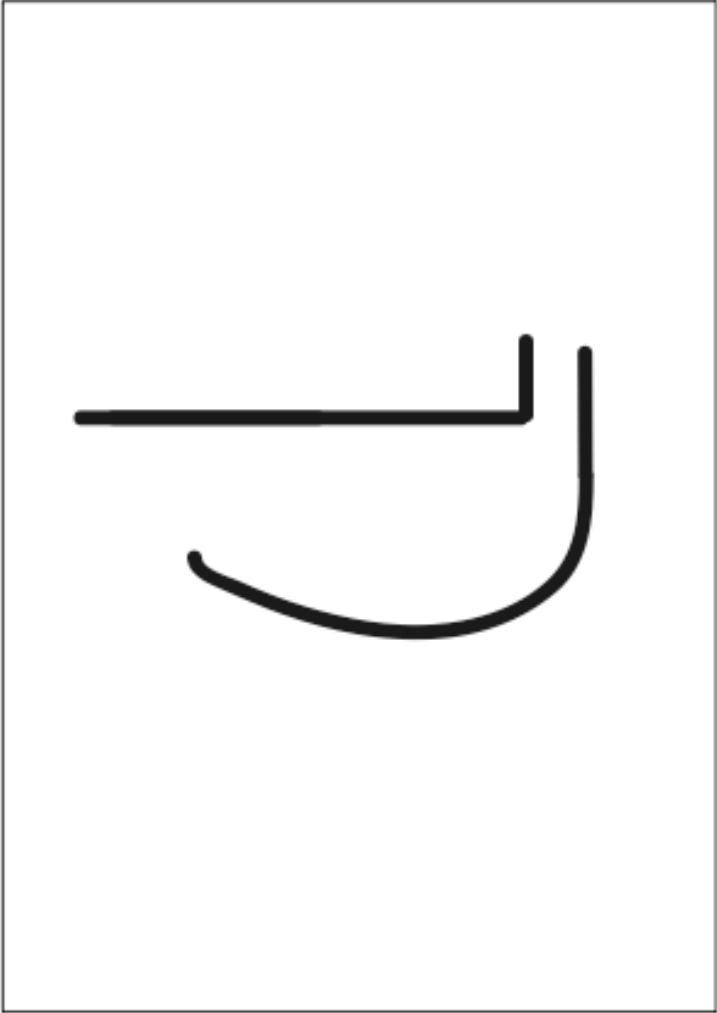

He has cool shades!
